

## CompTIA A+ Certification

CompTIA

The CompTIA A+ certification is the starting point for a career in IT. The exam covers maintenance of PCs, mobile devices, laptops, operating systems and printers.

In order to receive the CompTIA A+ certification, prospective candidates must pass 2 exams:

- **CompTIA A+ 220-801** covers the fundamentals of computer technology, installation and configuration of PCs, laptops and related hardware, and basic networking
- **CompTIA A+ 220-802** covers the skills required to install and configure PC operating systems, as well as configuring common features (e.g. network connectivity and email) for mobile operating systems Android and Apple iOS.
