

CompTIA Network+ Certification

The CompTIA Network+ certification is the sign of a qualified networking professional. Companies such as Dell, HP, Ricoh, Sharp and Xerox recommend or require CompTIA Network+ for their networking technicians. It is a technical prerequisite option for IT technicians seeking to join the Apple Consultants Network and is recognized by the US Department of Defense.

In order to receive the CompTIA Network+ certification, prospective candidates must pass the **CompTIA Network+ exam code N10-005**. The exam covers network technologies, installation and configuration, media and topologies, management, and security. Candidate job roles include network administrator, network technician, network installer, help desk technician and IT cable installer
